We welcome you to the official website of Artists for Freedom!

We, the Artists for Freedom, commit our ideals and vision to the support of victims of Global Human Trafficking and modern-day Slavery - worldwide.

We want the world to be aware of the facts and reality connected to the misery of the stolen lives and future of the women and children suffering without the means to be free.

We will help to build that road to freedom in anyway we can, because we believe in the power of art and the human right of freedom for everybody.

We invite you to register!

By doing this you will receive, newsletters, invitations to events and exhibitions as well as a pass to our shop where you can browse and purchase our art products, cds, books, downloads, etc.

If you are an artist please go to Artists 'Description'. Here you can read all about how to become an Artist for Freedom.

HAVE A FREEDOM DAY!
